

Acharya Narendra Deva University of Agriculture & Technology
College of Community Science

About the College:

Historical Background:

The journey of Community Science started as '**Department of Home Science**' in College of Agriculture, A.N.D. University of Agriculture and Technology, Kumarganj, Ayodhya in **1986**. The Department was upgraded to '**College of Home Science**' in **1993**. The foundation of the college was laid down on **March 26th 1999**. The new college building was inaugurated on **19th July 2002** and the college was shifted to the same as independent unit. To broaden its horizon as a wider institute of learning and excellence for community as a whole, **ICAR renamed** it as '**Community Science**' with effect from **14th Feb 2020**.

Vision of the College:

- To empower the individuals, family and community for effective role performance and management of resources to improve quality of human life.

Mission of the College:

- The college is thriving to become a premier and recognized center of excellence in teaching, research and extension, also devoted to prepare the individuals to obtain recent scientific information for dealing with real life situations, to cope up with everyday problems effectively by providing broad-based, culturally relevant knowledge in different areas of Community Science.

Objectives:

- To impart quality education to produce globally competitive human resource in different areas of community science.
- To undertake family and community directed research to ensure food and nutritional security, better quality of life, and development of eco-friendly technologies for drudgery reduction.
- To provide skill training and industrial exposure to students thus, letting them have entrepreneurial skills for gainful employment.
- To work for women empowerment and upliftment through various programmes.

Present Status of College: At present college is committed to provide education in 5 streams:

1. Food and Nutrition
2. Human Development and Family Studies
3. Resource Management and Consumer Science
4. Apparel and Textile Science
5. Extension Education & Communication Management

Infrastructure:

- The college is well equipped with infrastructure facilities, having 20 laboratories, 6 UG classrooms, 3 PG classrooms, 2 smart classrooms, college library, auditorium, committee room and other facilities like poshan vatika, art gallery and woman study centre.

Faculties:

- Currently, the college is supported by a team of faculties including 2 Professors and 12 Assistant Professors.

Degree programmes:

- There are two degree programmes at graduation level i.e. B.Sc. (Hons.) Community Science and B.Sc. (Hons.) Food, Nutrition and Dietetics.
- There is M.Sc. programme in four departments viz, FN, HDFS.ATS, RMCS and Ph.D. in 3 departments namely FN, HDFS and RMCS.

The college focuses on developing skills and strengths of the students based on scientific principles and knowledge acquired for day-to-day living; promotion of analytical abilities of students towards innovative research to augment the quality of life of family, community and industry in the changing scenario, enhancing entrepreneurial skills for professional careers.
